## EXPERIENCE

TARGET corp  
Industrial Design Intern, Summer 2017  
As a team member for the essentials brand in the Product Design and Development department at headquarters, I collaborated with a Material Science Engineer on a research and development project. After two months, the final deliverables entailed a twenty minute proof of concept presentation, packaging concepts, and functioning prototype.

### ETHAN ALLEN

Client Services Specialist, March 2016 - present  
Assign incoming clients to a designer, answer client questions, assist the interior designers as much as possible. Administrative activities encompassed running and balancing daily financial reports for the store, writing invoices, and transporting furniture.

## PROJECTS

Adidas Team Project (2017-18)  
Cross-disciplinary project for Innovation Space, sponsored by Adidas USA. The team is comprised of Industrial Design, Computer Systems Engineering, Business, and Graphic Design. Deliverable will be a functional prototype.

Bus Stop Design (spring 2017)  
Team of 3 Industrial Designers developed a concept for the city of Phoenix's transportation department. Verbal presentation and video rendering.

Housewares Design Competition (fall 2016)  
International competition for designing household products. Created an electronic device meant to encourage socializing and group collaboration.

## ACCOMPLISHMENTS

Design Excellence Award - Spring 2016.  
Accepted to Innovation Space 2017-2018.  
Recommended by Design Director for ASU x NASA project team.  
Team concept for City of Phoenix bus stop re-design nominated.
